Tips Corner

Having trouble with an appliance or the lighting in your apartment? Try checking your breaker box and flipping the designated switch for the room you are experiencing the issue in. Each apartment has its own breaker box, check to see where yours is located in case you need it. Even your dishwasher and garbage disposal have a specific switch associated with them!

Fun Fact:

Did you know our 24/7 market (located in the clubhouse) offers discounted prices if you pay using an account? Instructions for creating an account are located in the market area near the check out kiosk.
